

## Grocery Store

**Resources and Materials:** LM 7 or play coins (pennies, nickels, dimes); play grocery items, objects from the classroom, masking tape

- Children set up a grocery store and place price tags for amounts up to 100¢ (for amounts that can be shown with just pennies, just nickels, or just dimes) on items. They take turns acting as cashiers and shoppers.
- A shopper selects an item, and then takes it to the cashier. The cashier then skip counts like coins to match the price tag.
- The shoppers and the cashiers trade rolls and play again.

**Kinesthetic; Social**

**Small Group/Whole Class**
