

## How High Can You Go?

**Materials:** half a deck of cards (all spades and clubs or all hearts and diamonds, all face cards removed, aces are 1)

- Children shuffle the cards and lay them out face down in 4 rows of 5.
- Players take turns turning over 2 cards. If both cards are even or if both cards are odd, the player keeps the cards and continues to play.
- If 1 card is even and one is odd, the player flips the cards over and the next player has a turn.
- The winner is the player with more cards when all the cards have been taken.

**Variation:** Use all 4 suits, without the face cards.
